Guess the flag marapets

Comments Share - GUESS FLAG---- Flag Marapets Description: In April 2014, a computer virus infected the city of Ziranek. It quickly spread around the Marada, even defacing the snowman. Ziranek was updated and the virus traced back to a toddler named Huthiq called the Trojan. He was sent back to Enpiah and must never leave. The Trojan needs your help by leaving Enpia! Try to guess the flag of the country he's trying to visit. If you guess right, he'll reward you. If you're really lucky, he can even reward you with a shirt from that country that you can wear. You can play Guess ticket for free once every 12 hours. Additional comments: At the moment, you can win 53 World Clothing shirts based on the top 53 countries for Marapets players. You get an avatar occasionally while playing! Average prize: 1000-4000MP and sometimes a World shirt. Link: image to this gallery back to Enpiah... Back to games... Thank you for visiting Marapedia.
